CAREER OBJECTIVE

Results-driven IT Professional with Cum Laude honors, proficient in technical support, system troubleshooting, and network administration. Proven track record in resolving complex hardware/software issues and communicating technical solutions clearly to diverse teams. Seeking to leverage strong technical expertise to drive operational efficiency in an IT Support capacity.

PROFESSIONAL EXPERIENCE

Data Processing Specialist

Western Marketing Corporation (Western Appliances) | (Apr 2024 – August 2025)

- Managed and analyzed core operational sales and inventory data to optimize workflows and support business operations.
- Formulated cycle counts and conducted physical inventory audits with warehouse staff to verify and reconcile actual units against system records.
- Generated and submitted TERF (Technical Error Report Form) reports detailing system variances to key departments, including MIS, Accounting, Marketing, and Merchandising.
- Provided Tier 1/2 technical support for hardware, software, and network infrastructure, minimizing system downtime.
- Demonstrated operational flexibility by managing point-of-sale (POS) and cashiering duties during peak business requirements.

IT Intern

Bureau of Internal Revenue (BIR) | (Mar 2023 – Jun 2023)

- Delivered prompt end-user IT support across hardware, software, and local network issues.
- Assisted in maintaining, updating, and backing up the bureau's internal databases while ensuring data validation and accuracy.
- Supported the development, debugging, and testing of software applications used for tax processing under supervision.
- Handled the technical setup and deployment of computers, printers, and other essential IT equipment.

EDUCATION

STI College San Jose Del Monte

Bachelor of Science in Information Technology | (Jun 2019 – Aug 2023)

HOBBIES & INTERESTS

- Strategic gaming (Chess)
- Photography and Photo/Video Editing
- Tech trends exploration and continuous self-learning
