CAREER OBJECTIVE

Dedicated IT professional with cum laude distinction, equipped with a robust understanding of information technology and a talent for resolving technical problems. Demonstrated success in conveying technical information to non-technical stakeholders and working collaboratively in team settings. Enthusiastic about applying technical expertise and commitment to learning in an IT support capacity to drive team performance and support organizational goals.

PROFESSIONAL EXPERIENCE

Data Processing Specialist

Western Marketing Corporation (Western Appliances) | (Apr 2024 – August 2025)

- Managed, organized, and analyzed critical data related to sales, inventory, and customer transactions to streamline workflows and support business operations.
- Formulated cycle counts and conducted physical inventory audits with warehouse staff to verify and reconcile actual units against system records.
- Generated and submitted TERF (Technical Error Report Form) reports detailing system variances to key departments including MIS, Accounting, Marketing, and Merchandising.
- Troubleshoot hardware and software issues and maintained reliable network connectivity for team members.
- Rendered operational flexibility by serving as a relief cashier and releasing clerk when business needs required.

IT Intern

Bureau of Internal Revenue (BIR) | (Mar 2023 – Jun 2023)

- Provided first-level technical support to employees regarding hardware, software, and network connectivity concerns.
- Assisted in maintaining, updating, and backing up the bureau's internal databases while ensuring data validation and accuracy.
- Supported the development, debugging, and testing of software applications used for tax processing under supervision.
- Handled the technical setup and deployment of computers, printers, and other essential IT equipment.

EDUCATION

STI College San Jose Del Monte

Bachelor of Science in Information Technology | (Jun 2019 – Aug 2023)

HOBBIES & INTERESTS

- Strategic gaming (Chess)
